Submission for Candidate Priority Transmission Investment – Gladstone Project.

Thank you for the opportunity to provide comment of the Candidate Priority Transmission Investment - Gladstone Project.

Economic Development Queensland (EDQ) supports in principle the proposed upgrades and additional infrastructure to facilitate the expansion of the renewable energy grid to reach the targets set out in the Jobs and Energy plan.

EDQ request that as part of these works will occur on Minister of Economic Development Queensland (MEDQ) land at Aldoga and Yarwun within the Gladstone State Development Area that Powerlink contact EDQ to gain consent and to inform EDQ's lessees of the proposed works and time limits. Furthermore, EDQ would like to understand in more detail if there is any MEDQ land or facilities requirements for these works.

Should you have any queries regarding this matter please contact us via email john.brun@edq.qld.gov.au or 0459 815 328 who would be pleased to help.

Yours sincerely

John White
Executive Director – Industrial Development
Economic Development Queensland
